GAFNEY LIBRARY

Gafney Library met with a great loss in the passing of William N. Rogers of Wakefield. Mr. Rogers had been a trustee and treasurer of the library since the building was built in 1925. Whether in Washington, D. C., or Concord, N. H., his interests were in his home town of Wakefield.

For the past year the library has been open as usual, Tuesdays and Saturdays, afternoons and evenings.

Mrs. Myra Drown has been the assistant since September as Mrs. Ruth Hill was out of town.

The Bookmobile has made its regular trips to the library and to the Grammar and Primary schools in the village. This is appreciated by the librarian and teachers. Books have been borrowed from the State Library in Concord for supplementary material.

Magazines and books have been donated by Lillian Edwards, Mrs. Ernest Wheadon, Flora Hoit, Mrs. Mabel Seiders and Saint Monica's Guild. We are grateful to our friends for the gifts.

Number of new books added for the past year, fifty-three, and circulation 4146.

ABBIE F. TUTTLE

UNION LIBRARY REPORT

The total circulation this year has been 3300. Of this number 1000 was non-fiction, 2000 fiction, and 300 juveniles.

We have bought 130 books during the year. We have subscribed to many of the more popular magazines and have had others given us by friends. Also several books have been given.

The Bookmobile has left a good selection of books and we have loaned them some to use.

During the Victory Book Drive we collected and sent books to the men in the services.

PREVENT FOREST FIRES — IT PAYS

An average of 7,300 acres of woodland are burned over by forest fires in New Hampshire each year destroying many thousand dollars worth of property of all description. It costs many additional thousands of dollars and requires valuable man hours, taken from other essential work, to extinguish them. These losses affect the personal fortunes of the owners and town and state economies. Everyone loses because of them.

Analysis of fire causes reveal the fact that more than 98 percent of all forest fires are, consistently, the result of human carelessness and are preventable!

We have been extremely fortunate during the past few years. Favorable fire weather and war time restrictions on travel which kept people off the highways and out of the woods have aided materially in reducing fire risks, keeping fires fewer and fire losses low.

We now face changed conditions. People can travel freely. Their love for travel and the freedom of the woods will bring them out in ever increasing numbers. This will step up fire risks materially. The accelerated cutting of the war years has resulted in additional thousands of slash acres. These factors, combined with a possible dry season and human carelessness could easily produce a catastrophe. Everyone must, consequently, be on their guard. They should

1. Be careful with fire or when smoking in or near woodlands.
2. Cooperate with the local forest fire warden and his deputies by
 - a. Abiding cheerfully with whatever restrictions it may be necessary to impose. They are intended only to be helpful.
 - b. Securing permits to burn debris when the

ground is not covered with snow.

- c. Seeing that others comply with requirements.
- d. Promptly coming to the warden's assistance when needed.

If these few fundamental practices are followed it will be possible to PREVENT a large proportion of FOREST FIRES from starting — that PAYS !

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Wakefield:

My service as superintendent of schools in this union began January 1, 1946. Therefore I cannot offer a report for the year 1944-45.

From my visits to your schools I can report that I find them in good condition with a capable and conscientious staff of teachers carrying on the work in an effective manner. The schools are well housed and well provided with text books and materials of instruction.

I assure you it is my most earnest desire to cooperate fully with the School Board, parents, and citizens of Wakefield that your schools may meet the needs of the pupils most effectively and within the means of the community.

Respectfully submitted,
EVERETT H. BRASIER
